# What Makes IB Different?

# We Partner With Contractors.

IB Roof Systems is designed for the roofing contractor. IB provides a complete roofing system that can be ordered and shipped typically within 24 hours. We place as much emphasis on developing strong, interactive and dynamic partnerships as we do on designing and producing the best roofing systems. With the ease of installation, technical solutions, custom fabrication, and the largest selection of in stock color materials, **IB Roof Systems is the Right Choice.**

### MATERIALS MADE TO SHIP. TODAY.

We can package and ship complete roofing solutions in many cases by the following business day to your job site.

### EASIER HANDLING. FASTER. SAFER.

Standard 3' & 6' rolls. Why? It's easier to handle, ship and install. When it's easier - it's faster and safer.

### CONTRACTOR TRAINING

Product demonstrations and extensive hands-on training to educate authorized contractors on IB Roof Systems products is our standard practice.

### MORE COLORS - MORE OPPORTUNITIES

The largest selection of in stock color membranes and one roll minimum order quantities allows for more opportunities to meet your client's needs.

### LONGEST INDUSTRY WARRANTIES

IB Roof Systems has roofs still performing after more than 30 years. IB PVC provides the longest, most durable solution in the industry and offers material, labor and material and Total Systems warranties.

### CUSTOM FABRICATED PRODUCTS

When standard accessories don't fit your job, we custom fabricate solutions to meet your needs - and we can ship as early as 24 hours.

## Quality Products

IB Roof Systems has been producing Top-Tier PVC roofing materials since 1978.

### Complete System Solutions

# Why IB PVC?

## RELIABLE

Nearly four decades of proven performance history from IB Roof Systems results in significant cost savings.

## PROFITABLE

Install an IB Roof and realize the insurance and labor cost savings of a safer installation.

## SAFER

IB Roof System's utilizes a hot air welding process with no open flame which means no risk of fire during installation.

## VALUE DRIVEN

IB Roof System's PVC provides the best quality membrane coupled with tested, complete solutions.

## LESS WORK

No edge sealing required and t-joint patches only required on 80 mil membrane.

## DURABLE

IB PVC membranes are uniquely formulated to withstand ponding water. Ponding water is not excluded from the IB warranty.

## CONSISTENT

Heat welding IB PVC is easier and more consistent offering greater reliability for owners and contractors.

## VERY COOL

IB offers Energy Star Rated, Cool Roof Rating Council listed, and Title 24 Compliant solutions saving money on heating and cooling costs.

## We Have You Covered.

Install IB with the confidence that you have selected the Industry's Best roofing materials. Through state of the art equipment and stringent quality control measures, we ensure that the products produced in our facilities throughout the United States meet the superior standards upon which we have built a reputation of excellence since 1978.

## More for the Contractor.

### IB Rewards Program and Contractor Gear

No one loves rewarding great work more than IB Roof Systems. Through our IB Rewards Program, you can redeem your rewards for such things as website design, marketing materials, trade show booth fees, yard signs, IB Gear, or even for the annual IB Contractor Retreat.
