WORKING TRADE SHOW

ORCA Working Trade Show Bob Pope, ORCA Executive Director

The Working Trade Show will be held in the Voinovich Building at the Ohio Expo Center in Columbus. This unique circular layout and cement floors are designed to allow us to bring in equipment and products so that an exhibitor can hold continuous demonstrations, contests, or anything else they conjure up to let the Roofing Contractor work right alongside them to have a real get your "hands dirty" experience. And hey, since the layout is round, there can't be a bad space in the house!

There will be free food and drinks distributed across the space so attendees never have to go

far to get a snack and get right back to what they were doing.

We are not going to charge a registration fee to Roofing Contractors to attend. Your exhibitor fees are going to be the only thing that supports this show and it is going to be all about you. The show is open to any Roofing Contractor and we are going to provide you with an unlimited number of complimentary tickets to the trade show that you can distribute to anyone you choose.

This concept has been a great success the past few years and we appreciate your continued support as we explore what a trade show can be!
