

WHILE YOU ARE AT WORK FOR
YOUR CUSTOMERS, SPFA IS
AT **WORK** FOR YOU.

**BE AT THE
CENTER
OF IT ALL**

BECOME AN **OFFICIAL**
SPFA MEMBER TODAY!

YOUR BUSINESS AND PROFESSIONAL GROWTH DEMAND THE RIGHT BUILDING BLOCKS. SPFA OFFERS ALL THAT YOU NEED.

SPFA is the leading authority and expert on spray foam, SPF installation, related building science, technical issues, industry promotion and professional certification. SPFA takes pride in keeping its members strong, informed and competitive.

With a united voice across the value chain, **SPFA is hard at work to provide the best, most consistent, accurate and effective resources to contractors, manufacturers, and distributors** of spray polyurethane foam, related equipment, protective coatings, inspections and other services. Simultaneously, your SPFA staff develops **tools that inform and influence the construction industry** on the performance benefits, health and safety of spray polyurethane foam roofing and insulation.

THE SPFA MISSION:

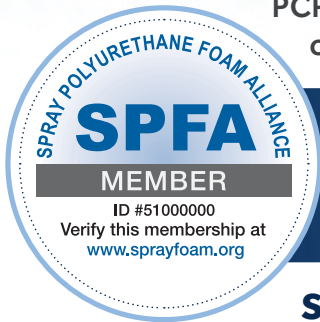

Attain complete commitment of all members to drive the SPF industry to the highest standard of safety, quality and business practice.

SPFA DELIVERS ON VALUE:

ANNUAL SPRAYFOAM CONVENTION AND EXPOSITION that brings suppliers, contractors, researchers, and industry experts together. Members receive discounted access to SPFA annual convention activities and **ONLY** members can submit a project for the Annual Contractor Awards program.

SPF PROFESSIONAL CERTIFICATION PROGRAMS on spray polyurethane foam roofing, building envelope, quality assurance, health and safety and more! Members also receive significant discounts on SPFA PCP certification registration and exams – in many cases the savings from these discounts could wash the cost of an annual membership for a contractor firm.

SPFA MEMBER'S ONLY LOGO with embedded member ID number. Show your support and how you differentiate yourself from non-member competition through leadership in your industry's trade association.

SPFA COMMITTEES give you the opportunity to join or benefit from the expertise and foresight of committee members. Committees include: the Building Envelope Committee, Roofing Committee, Certification Quality Assurance Program Committees, SPF Safety Committee and more.

FREE LISTING OF YOUR COMPANY in the annual printed *SPFA Membership Directory and Buyers' Guide*, as well as listing in the SPFA online member directory.

ACCESS TO A PROFESSIONAL NETWORK of SPF professionals and association staff that can assist with technical challenges, certification, member services and advocacy and partner services—all to keep you connected and up-to-date with the industry.

ACCESS TO SPRAYFOAM PROFESSIONAL MAGAZINE and **SPRAYFOAM PRO NEWSWIRE eNewsletter**, official publications of SPFA that keep you up to date on industry news, regulatory/legislative activity, research, events and special interests.

"SPFA isn't some distant ivory tower of an association, it's a small team of effective professional staff and dedicated volunteers whose existence and success mutually rely upon each other."

Bob Duke, SPFA Board President

TRUE INFLUENCE AND VALUE RESIDE AMONG SPFA COMMITTEE MEMBERS, TASK FORCES AND WORKGROUPS

Membership is the life-blood of SPFA. The members and committees drive the organization through their desires, actions, involvement and expertise. SPFA functions as an extension of the members, facilitates critical discussions among the committees, and turns committee work into valuable work products for use by the broader membership.

SPFA PROFESSIONAL CERTIFICATION PROGRAM

- ◆ **ACCREDITED TO ISO 17024 STANDARDS** to provide legitimacy, credibility and validation to the developmental and delivery efforts of the program.
- ◆ **PROVIDES AN ESTABLISHED SET OF CRITERIA** through which individuals and companies can demonstrate their commitment to professionalism in the spray polyurethane foam industry.
- ◆ **CREATES A SINGLE POINT OF REFERENCE** to demonstrate professionalism and commitment to excellence in the industry among those certified for customers and other construction trades stakeholders.
- ◆ **IDENTIFIES AND RECOGNIZES** those individuals and companies that by fulfilling prescribed requirements of examination and experience, meet a high standard of professionalism that is in demand among customers.
- ◆ **ENCOURAGES** individuals and companies to support the professional development of their industry by taking personal responsibility for the value of their work through education and testing.

(PCP)

SPFA CERTIFICATION OPTIONS

INDIVIDUAL CERTIFICATIONS:

"I try to align myself and my business with people that do things correctly, safely and promote the industry responsibly. That's what SPFA is about."

Tyler Fiske, Anchor Insulation, Health and Safety Manager, SPFA Certified, SPF Insulation Project Manager

"Reagan always said 'trust but verify.' In my market your word is your bond, but when I need to verify my capabilities for a customer there is no better tool than industry credentials."

Denny Vandewater, Owner

YOUR PATH TO PROFESSIONALISM

When you join SPFA, you and your company join other industry professionals who are successful because of their knowledge, experience, and capability in providing long-lasting installations of polyurethane foam systems.

Whatever your relationship with the plastics, insulation, roofing, or construction industries, **SPFA's benefits and services will make your job easier, your employees perform better, your forecast tighter, or your sales figures higher.**

Interested in helping to establish a dialogue with code agencies? Raising the bar of your own performance? Chances are SPFA already has a committee, special purpose group, or project at work on your concern. When you become an official SPFA member, you'll discover an intricate network of people dedicated to your industry like no one else.

ARE YOU READY TO BE AT THE CENTER OF IT ALL?

My company believes in leading from the front and has the big picture of SPF.

My company actively supports industry wide product stewardship, safety, and quality initiatives through our funds and effort.

My company is committed to staying on the front lines of issues and staying up to date on the latest industry information.

My company wants to bring the expertise of the industry to each of our customers and do the best job to earn more and repeat/referral business.

My company isn't just here today. It will be here tomorrow because we are committed to industry excellence.

My company is connected to the national network of manufacturers, contractors, and other professionals affiliated with the SPF industry. The world of SPF is within my reach.

TAKE THE NEXT STEP FOR YOU,
YOUR BUSINESS AND YOUR FUTURE.
