

The Cold Can't Stop You!

Not only can you extend your season with Polyglass Polar products but you can earn more and be entered to win with our new promotion.

How it Works

EARN TRIPLE POINTS! - From October to February earn triple points when you purchase **Elastoflex SA V Polar Base®** or **Elastoflex SA P Polar Cap®**

Three Ways to Earn Monthly and Grand Prize Entries

- Take the Learn and Earn Quiz (*October*)
- Register a Product Profile (*November to February*)
- Submit an Invoice* (*November to February*)

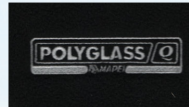

Rack up your entries and starting in **November** we'll be giving away some incredible prizes, including a Yeti bundle, The North Face Jackets and Oakley Sunglasses!

Yeti® Bundle

North Face Jacket

Oakley Sunglasses

*All invoices must be submitted and approved in order to qualify.

Extend your season with these fantastic products:

Elastoflex SA V Polar Base® membrane is a self-adhered, elastomeric base ply low-slope roofing product designed for colder weather applications.

Elastoflex SA P Polar Cap® (also designed for the cold) is a granule surfaced, self-adhered, SBS modified bitumen low-slope roofing membrane manufactured using patented ADESO® Dual-Compound Self-Adhered Technology.
