

# RECYCLE YOUR SHINGLES TODAY FOR A BETTER PLANET TOMORROW

Owens Corning is committed to doing what's right to help protect our environment. Our network of contractors can recycle your old shingles, reducing the amount of construction waste in landfills. You win with a beautiful, durable new roof – and the planet wins through responsible use of our natural resources.

The shingles from one average-sized home can pave nearly  
**200 FEET OF A TWO-LANE HIGHWAY.\*\***

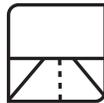

**OVER 13 MILLION TONS**  
of shingle waste are  
generated annually\*

**80%**  
of U.S. homes have  
asphalt shingles\*

Top uses for **RECYCLED** asphalt shingle material include:\*\*

**ROADS**

**FUEL OIL**

**PATCHING**

**FEEL GOOD ABOUT YOUR NEW ROOF  
AND OUR ENVIRONMENT.**

Ask your contractor about shingle  
recycling today!
