

What our clients say about us

Beth Malaykhan ★★★★★

Such a wonderful company to work with from the start. Professional and informative estimate. Thank you John! Carlos and his team did an EXCELLENT job on my new roof. They were very professional and thoroughly cleaned my property several times each day for my family and my dogs. Simon and his crew were wonderful with the gutter install and again very professional with thorough clean up afterwards. I can't thank RoofSmart enough! Greatly appreciate all your hard work and the step by step photos provided as well! Would HIGHLY recommend!

Ybon deQ ★★★★★

RoofSmart workers were fast, efficient, and courteous. They did great work even in the rain and wind so they could complete the work on schedule. Plus they cleaned up all the debris and nails at the end of the day. I'm very grateful to them and cannot recommend them enough! A special thank you to Jim for being there from start to finish!!

Denell Wilkins ★★★★★

Jim was very knowledgeable and personable. He worked hard to get our project started before the rains did. Despite the universal issues with supply right now, he was able to get us done before the rain! His knowledge helped us with some other projects we were deciding on as well. This is a company we would gladly work with again and will recommend to friends.

Lyra Heller ★★★★★

We highly recommend RoofSmart, A huge maple tree fell on our house. RoofSmart came to the rescue! Every step of the way in the roofing process was done as promised. My family and I felt we were cared for as friends. Jim and his entire crew were more than professional. Jim had no problems answering our many questions and mentoring us through the insurance maze and its callousness. The efficient way all at RoofSmart worked was wonderful and they even asked us how we were holding up with having had thousands of pounds of tree fall on our house. The scope of the job: remove and replace the entire roof of our 2,700 sq. foot home, replace two crank skylights, rain gutters, rain gutter's leaf removal system and down spouts. Thank you, Richard and Lyra Heller

Ken Blevens ★★★★★

I was looking for a new roof because moss removal destroyed it. Don't let anyone pressure wash your roof. I got multiple quotes and Roof Smart was one of them. Scheduled an appointment with Jim for an estimate. He was punctual and very knowledgeable. I like how he explained everything in detail. I chose Roof Smart because after reviewing all of the quotes the prices were very comparable but I trusted Jim's approach. The crew did a great job. On time and did a thorough clean up. The roof looks great and my expectations were met. I'd recommend Roof Smart to everyone and already have. You won't regret it.
